

About ICON Park

ICON Park is a 20-acre, walkable entertainment destination in the heart of Orlando's International Drive. A perfect place to ride, dine, drink and explore, ICON Park has more than 40 amazing restaurants, funky bars, boutique shops and can't-miss attractions, all anchored by the Wheel, a jaw-dropping observation wheel that stands 400 feet – 40 stories – in the air. Guests to ICON Park can visit SEA LIFE Orlando Aquarium, Madame Tussauds Orlando and SKELETONS: Museum of Osteology. Little ones can ride a toddler-sized train while older kids and grown-ups brave the 7D Dark Ride Adventure and StarFlyer Orlando, the world's tallest swing ride. Parking is free in a multi-level garage, just steps from all the action.

Facts

- The Wheel at ICON Park is the tallest observational wheel on the United States East Coast
- The Wheel at ICON Park weighs approximately three million pounds, that is 1,500 tons or equivalent to 300 school buses
- All 30 passenger capsules feature Bose audio systems for music/narration, air-conditioning and interactive tablets to provide information on the Wheel's 360-degree views
- Each of the 30 capsules weigh 6,600 pounds, or the average weight of an Indian elephant
- At more than 80,000 pounds, the Wheel hub weighs more than a Boeing 737
- It took more than 150 forty-foot trailers to ship all the wheel components
- The Wheel is made up of components produced all over the world
 - The glass covering the capsules was crafted in Turkey
 - The capsules were assembled in Hungary and shipped to Florida from Northern Germany
 - Switzerland-based Intamin designed and manufactured the wheel
- More than 64,000 color-changing LEDs were installed onto the observation wheel, providing a variety of lighting color options to celebrate holidays and other special occasions
 - The LEDs use 92.7% less energy than traditional light bulbs
- The Wheel rotates at just under one mile per hour

Features

- 400 ft high Wheel
- Views of nearby theme parks and attractions, downtown Orlando, the surrounding lakes and lush landscape, and on a clear day, Florida's east coast and Kennedy Space Center
